4L LED COMBO

CONVERT EITHER 2L F96T8HO OR 2L F96T12HO STRIPS TO 4L 4' LED T8. LUMENS WILL DROP BUT THE FOOTCANDLES BELOW THE FIXTURE WILL INCREASE UP TO 50% WITH A SAVINGS OF 74 WATTS/FIXTURE FOR T8 AND 124 WATTS / FIXTURE FOR T12.

3L LED COMBO

CONVERT 4L F32T8 STRIP FIXTURES TO 3L 4' T8 LED. Up TO 20% INCREASE IN FOOTCANDLES BELOW THE FIXTURE WHILE SAVING 56 WATTS/FIXTURE.

Estimated light levels are based upon strip fixtures without a reflector. Results will vary depending on fixture height.

No two applications are identical so a demo fixture to confirm light levels is strongly recommended.

There are many additional Retro Combos available. Consult the factory to discuss your application.
